

Proposed landing sites were down-selected during the second MSL landing site workshop. Six sites were deemed high priority by workshop participants. They are listed from North to South latitudes in no particular priority order. Four other potentially high priority sites listed as "purgatory" sites below required further study.

NORTH:

Nili Fossae Trough

Mawrth Vallis

South and West Meridiani Terra - Wiseman / Newsom (SH)

Jezero Crater

SOUTH:

Holden Crater

Terby Crater

Purgatory:

Eberswalde

NE Syrtis

Chloride Salts

E. Meridiani - Hynek (SH)
